Introduction

- Grants Information is a communication service within the Division of Extramural Outreach and Information Resources.
- Grants Information staff respond to inquiries regarding the grant application process and funding opportunities.

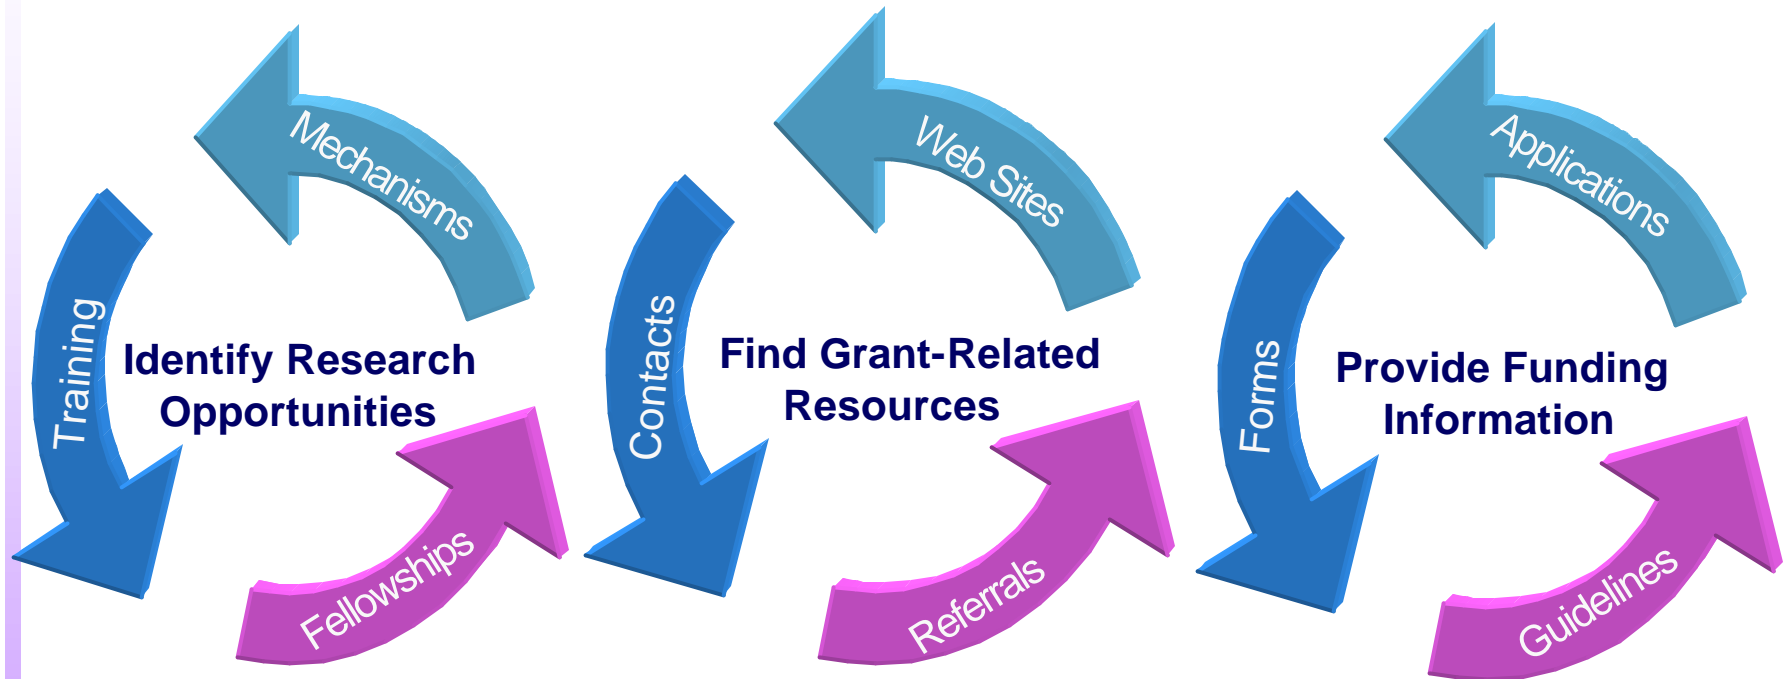

Services

- Serves as a clearinghouse for grant inquiries.
- Provides information about the grant application process.
- Produces and disseminates brochures, documents, forms and guidelines about NIH extramural programs.

Outreach

- Represents NIH at national scientific meetings and exhibits.
- Participates in grant workshops and seminars.
- Produces and distributes grant-related documents and guidelines.
